## ITSM Service Manager Certification: Service Delivery

**Delivery Format: ILT**

**Duration: 5 Days**

### Course Description

This hands on program is the highest level of professional IT Service Management certification available. The candidate who achieves this certification has demonstrated not only an in-depth knowledge of IT Service Management but also a practical application of that knowledge. The course introduces the following learning objects for each IT Service Management process:

- Process Fundamentals Review
- How to Enable an ITSM Strategy
- Understanding Business & IT Alignment
- The Role of Continuous Process Improvement
- Improve Quality of Service
- Control and Reduce Cost
- Improve Effectiveness and Efficiency

The program spans 5 days of lectures, student assessments, group activities and after hour reading assignments. The remaining 2.5 days are dedicated to exam preparation and testing.
